McCALLUM BAGPIPES

We at the Piper's Cove deal exclusively with McCallum Bagpipes and Shepherd Bagpipes because we believe they are of the highest quality and service in the industry. We have a fantastic personal relationship with the makers and meet with them frequently. We will always go out of our way to make sure the set you decide to buy will be perfectly suited to you and that you will never need to "Upgrade" to a better set.

Imitation ivory projecting mounts, beaded nickel ferrules, slides and beaded nickel ring-caps, imitation ivory bushes, nickel and imitation ivory mouthpiece with McCallum pipe chanter.

African blackwood (AB4) \$1,475.00
Polypenko plastic (P4) \$995.00

McCallum Bagpipes released the plastic bagpipes in 2007 to great reviews. They are a beautiful mix of affordability, visual attractiveness, and quality of sound. Many pipers are now buying plastic pipes as a secondary or backup set in order to keep their primary set safe during inclement weather, travel, and other situations where they could be damaged.

ELECTRONIC BAGPIPES

D. MicroPipes
Made by Ross Technologies. A very basic and affordable electronic chanter. Earphones included, volume control, B Flat, no drones, no speaker. (EB-MI) \$160.00

E. Ross Electronic Chanter
Made by Ross Technologies. Tone is adjustable, as is volume. Harmonies can be played at the touch of a button. Earphones not included, but does have a socket for them. Speaker built in. (EB-EC) \$210.00

F. Fagerstrom Technopipes
Highly portable. Fits in your pocket. Perfect to play on the road. Authentic highland bagpipes, and two different smallpipes sounds. Drones sound with optional E or D drone. Built-in metronome. Adjustable contact sensitivity. Recording capabilities, with variable playback speed. MIDI output (cable included). Please note that battery, case, and earphones are not included. (EB-TP) \$380.00

G. Fagerstrom Technochanter A scaled down version of the Technopipes. Similar in size and shape with less options. (EB-TC) \$255.00

BAGPIPE MAINTENANCE

A

A. Hemp Used between interlocking joints on the bagpipes to keep them from slipping. We suggest using one waxed and one unwaxed spool twisted together to give you the best combination of absorbency and stickiness. Black Waxed Hemp (MA-BW) \$10.00 Yellow Waxed Hemp (MA-YW) \$10.00 Dry Yellow Hemp (MA-DY) \$8.00

B

B. Bore Oil Used together with pull-thru to moisturize the insides of the bagpipes stocks to prevent cracking. (MA-BO) \$5.50

C

C. Pull-Thru (MA-PT) \$4.50

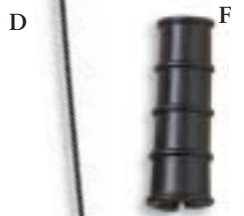

D

D. Drone Brush (MA-DB) \$6.00

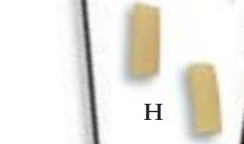

E

E. Reed Protector Protects the reed while chanter is out of the chanter stock. (MA-RP) \$18.00

D

F. 3rd Hand Covers the D, C and B holes to easily play a Low A while tuning the droves with your free bottom hand. (MA-TH) \$12.00

F

G. Chanter Brush Used to clean the inside bores of the bagpipe stocks. (MA-CB) \$6.00

H

H. Mouth Protectors Goes on the top of the mouthpiece to absorb the shock to the teeth. Also enlarges the size of the mouthpiece reducing lip "Blow-out". (MA-MP) \$4.00 (2)

J

J. Moisture Controllers for practice chanters (MA-MC) \$4.00

K

K. Bees Wax Used to wax dry hemp to your liking. (MA-BW) \$3.50

L

L. Chanter Tape Helps make tuning adjustments to individual notes. Does not leave a sticky residue and tears off the spool easily. (MA-CT) \$3.50

M

M. Teflon Tape Smooths stock joints for easier tuning. (MA-TT) \$3.50

M

N. Airtite Seasoning Seasons and strengthens the inside of leather pipe bags. (MA-AS) \$19.00

O. Stoppers

Stops air from going through stocks. Large (MA-LS) \$1.00 Small (MA-SS) \$.75

N

P. Lil Mac Valve

A higher quality version of the flapper valve. Installs and removes easily. (MA-LM) \$15.00

O

R. Flapper Valve Cheap, effective means of preventing air in the bagpipes from escaping through the blowpipe. (MA-FV) \$5.00

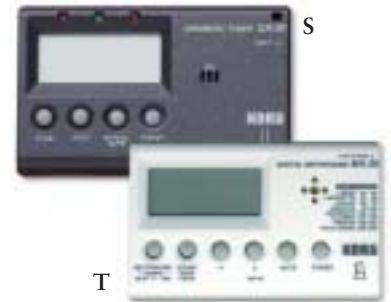

P

R

S. Tuner

This pocket-size tuner has proved to be very popular with pipers as a final tuning operation. It fits easily into one's pocket and uses 4 AAA batteries. This item is usually purchased with the Third Hand. This makes it easy to tune to a Low A while having one hand free to tune the drones. (MA-TU) \$40.00

S

T. Metronome

This digital metronome is equipped with beats, tempo range, bpm counter, reference tones and more. Operates on 2 AAA batteries. (MA-ME) \$40.00

T

U. Tone Enhancers

A must have! These install inside the bag to the bottom of the drone stocks. They help tremendously with starts and stops. Most importantly, they slow the flow of air to the drone reeds, effectively steadying the sound, reducing double toning, and taking significantly less air overall. Also prevents moisture from affecting the sensitive drone reeds. They make playing the bagpipes easier and more enjoyable. Our most highly recommended bagpipe accessory. (MA-TE) \$30.00

U

V. Beck Valve

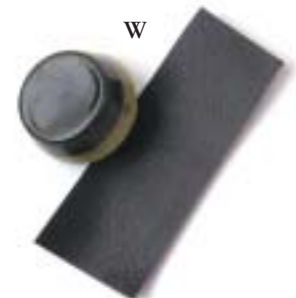

While other water traps store water inside of the bag, this less obtrusive item actually stops it from ever getting inside in the first place. Simply remove the blowpipe and tilt the stock down to drain. We do not sell any other water traps because we believe this is far superior to all the other, more expensive ones. (MA-BV) \$35.00
